

**FIRE & WATER
CLEANUP & RESTORATION**

Now offering application of Fire Retardant Agent

SERVPRO #181 Flame Stop

**Stop the Fire
Before It Starts!**

Flame Stop is a water-based fire retardant coating for most synthetic and natural fibers, and is particularly recommended for the treatment of drapes, upholstery fabrics, paper, rugs, carpets, mattress covers, bedspreads and most porous decorative materials. Flame Stop is a pyrolytic formulation that prevents the spread of flame by developing a self-extinguishing reaction.

Please call 540-389-5818 for a free estimate.

When properly applied, SERVPRO flame stop will meet or exceed the following test criteria:

U.S. Testing Title 19 #LA 41266

NFPA 701

C.S.F.M

CA Reg. #C-14401
